ABOUT US

Dharman Welfare Association situated in Chhatrapati Sambhajinagar, is a community driven organisation working to make society healthier, greener, kinder, and more responsible.

We believe meaningful change does not always begin with something big. It often begins with one person choosing to help, one young mind being inspired, one family receiving support, or one seed being planted with hope.

Over time, Dharman began organising and supporting activities including:

- Food and essential item donation drives
- Environmental awareness campaigns
- Tree plantation and seedball initiatives
- Seedball making workshops for children and young people
- Cleanliness and community participation drives

COLLABORATIONS

At Dharman Welfare Association, collaboration lies at the heart of creating meaningful and sustainable change. By partnering with hospitals, educational institutions, and community organisations, we have built a strong network that amplifies our impact across multiple sectors.

Our key collaborations include JJ Hospital, Deogiri Institute of Technology and Management Studies (DITMS), PSBA School, MGM University, Agrasen Vidya Mandir School, and SBOA Public School.

In collaboration with JJ Hospital, we have introduced a unique initiative that celebrates every patient's recovery by planting a tree in their honour. This initiative symbolises hope, healing, and the beginning of a healthier future connecting personal recovery with environmental restoration and creating a lasting positive impact for generations to come.

Student Guidance & Global Opportunities

Beyond environmental initiatives, Dharman Welfare Association has also mentored and guided aspiring students towards international education opportunities. Through dedicated counselling and support, we have successfully assisted 40+ students in planning and pursuing their study abroad aspirations, helping them make informed academic and career decisions.

Educational Collaborations

Our partnerships with schools, colleges, and universities enable us to inspire young minds through environmental awareness and sustainability initiatives. Together, we organise seedball making workshops, tree plantation drives, awareness campaigns, volunteer programmes, and community engagement activities that encourage students to become responsible environmental stewards.

Community Welfare Initiatives

Our collaborative efforts extend beyond environmental conservation to include food donation camps, cleanliness drives, social awareness programmes, youth engagement initiatives, and various community welfare activities. These partnerships allow us to reach wider communities, encourage volunteerism, and create a greater collective impact.

Road Safety & Community Awareness

Our collaboration with Mahalaxmi Electrical Company focused on promoting road safety and responsible road behaviour. Through this initiative, we aimed to spread awareness, encourage safer practices, and contribute to creating safer communities.

CAMPAIGNS

TREE PLANTATION DRIVE

To mark World Environment Day, the organisation conducted an extensive Tree Plantation Drive aimed at increasing green cover and encouraging environmental stewardship. Volunteers, students, and community members came together to plant saplings across multiple locations, contributing towards cleaner air, healthier ecosystems, and a greener future. The campaign also raised awareness about the importance of biodiversity and sustainable living.

FOOD CAMP

On the sacred occasion of Ashadi Ekadashi, Dharmam Welfare Association organised a large scale Food Donation Camp, serving nutritious meals to those in need. Driven by the spirit of compassion and selfless service, the campaign brought together volunteers from diverse backgrounds to ensure that no one was left hungry. More than just distributing food, the initiative strengthened the values of humanity, community, and collective responsibility.

AAKSHBEEJ: SEEDS FROM SKY

In collaboration with schools, colleges, universities, and educational institutions, the organisation conducts seedball making workshops that engage students, volunteers, and local communities in hands-on environmental action. By combining community participation with innovative methods such as drone and aerial seedball dispersal, Aakashbeej aims to transform unproductive land into thriving green ecosystems while fostering environmental awareness among future generations.

RECOGNITIONS

Dharman Welfare Association was honoured to be invited by Hon. Mayor Sameer Subhash Rajurkar of Chhatrapati Sambhajinagar to participate in "Coffee with Mayor", a special interaction celebrating citizen led initiatives, community leadership, and the city's journey of growth and development.

The event brought together changemakers from diverse fields to exchange ideas, inspire meaningful conversations, and highlight initiatives that are creating a positive impact in society. It served as a valuable platform to discuss the importance of active citizen participation, sustainable development, and collaborative efforts towards building a stronger and more inclusive city.

Being invited to this distinguished gathering was a proud milestone for Dharman Welfare Association. It reflects the growing recognition of our commitment to environmental conservation, community welfare, and youth driven social initiatives, while motivating us to continue creating meaningful and lasting impact for society

COMMITMENT TO SUSTAINABLE DEVELOPMENT AND COMMUNITY IMPACT

Environmental Sustainability

Promoting afforestation, biodiversity conservation and ecological restoration through tree plantation and innovative seed ball initiatives aimed at supporting the regeneration of barren and degraded landscapes.

Environmental Education & Awareness

Encouraging young minds to understand environmental challenges through practical, hands on activities that transform awareness into action.

Long-Term Ecological Impact

Developing initiatives with a focus on sustained environmental benefits rather than short term outcomes. The expansion of the Aakashbeej campaign beyond its originally planned four workshops demonstrates the organisation's commitment to responding to community enthusiasm and scaling impact.

Community Participation

Creating opportunities for students, volunteers, educational institutions and community members to participate in meaningful social and environmental initiatives.

Community Welfare

Supporting communities through initiatives that promote compassion, service and collective responsibility, including food distribution and community focused welfare activities.

●—●—● Our Key Areas of Commitment ●—●—●

“Building a sustainable future, one community, one action and one seed at a time.”

FUTURE ROADMAP

CSR & Institutional Partnerships

- Build long term partnerships *with corporates, CSR foundations, educational institutions and environmental organisations.*
- Develop scalable, project based *CSR programmes with measurable outcomes.*
- Strengthen collaborations to *expand the geographical reach of initiatives.*

FUTURE ROADMAP

Community & Youth Engagement

- Engage more schools, colleges, universities and volunteers in *sustainability initiatives*.
- Develop *environmental awareness and hands on learning programmes* for students.
- Encourage *youth led environmental and community* activities.

FUTURE ROADMAP

Long-Term Vision

- Transform successful grassroots initiatives into *replicable and scalable sustainability models*.
- Expand the organisation's environmental and community impact *across more regions*.
- Build a *culture of collective responsibility, sustainability and long-term community participation*.

CSR OBJECTIVES

- **Environmental Restoration:** Promote afforestation, biodiversity conservation and ecological restoration through tree plantation and seed ball initiatives.
- **Sustainable Development:** Implement long term programmes addressing environmental challenges and promoting responsible resource use.
- **Youth & Education:** Engage students and young people through environmental education, workshops and hands on sustainability activities.
- **Community Development:** Support communities through welfare initiatives, awareness programmes and inclusive participation.
